One Hundred Thousand of the Volunteers To Be Mustered Out

WORK TO BE DONE IN A MONTH.

Regiments Will Be Ordered to Their State Capitals and There Receive Their Discharge from the Army-Preparations Already Begun for the Release of the Citizen Soldiery-War Department Only Walts Word from Gen. Merritt.

Washington, Aug. 17.-The mustering out of the volunteer army raised in defense of the union against the armies of Spala practically began at the war department yesterday, and will be continued until the army has been placed on a basis consistent with our present relations to the nations of the earth. Orders were prepared yesterday for the mustering out of about 35,000 volunteers, including nearly twenty-five regiments of infantry and about eight troops of cavalry and five or six batteries of artillery. The details of the order bearing on this subject have not yet been fully perfected, and the officia's confine themselves to general statements in regard thereto. It was admitted that the First regiment of Vermont volunteers, attached to the Third army corps, encamped at Chickamauga, Ga., had been ordered to proceed to Fort Ethan Al-

Adjutant General Corbin said that a similar course would be followed in the case of the other volunteer regiments selected for mustering out. They would, he said, be ordered to their state capitals as soon as it could be done without danger to the interests of the government and mustered out of the military service as rapidly as possible.

The proposed reduction of the army to the extent of 100,000 men will still leave a military force of about 116,000 men, regulars and volunteers, available for all military purp ses. It is believed to be the purpose of the administration to maintain an army of at least 100,000 men until all the pending complications with Spain are finally disposed of.

Gen. "Joe" Wheeler at Washington. Washington, Aug. 17.-Major General Joseph Wheler, commander of the cavalry division of General Shater's army, arrived in Washington last night from New York, accompanied by his son, Joseph W. Wheeler, a member of his staff. Soon after his arrival General Wheeler went to the war department and had a brief chat with Adjutant General Corbin. General Wheeler is inclined to the opinion that the trouble with the Cubans is due largely to mis-

What a Relief It Would Be

To Feel That You Were Protected from Such Dangerous Diseases

As Catarrh, Bronchitis, Asthma, Coughs, Colds, Pneumonia and Consumption Dur-ing the Coming Winter—That Such Protection Can De Given Is No Longer Doubted.

There is not a father, mother, sister or brother throughout this country but who will admit that they have a dread of the coming winter, and fear that some of their family may become a victim of one of the above dangerous diseases. Yet this fear can be overcome and this feeling of dread changed to one of security and confidence, if they will accept the evidence of thirty-eight hundred doctors, and the testimony of three hundred and twenty-seven thousand people, who have adopted the Australian Dry Air Treatment for these diseases. This new germicide HYOMEI and the method of anniverse. cide, HYOMEI, and the method of applysprays, douches, atomizers or vapors, has accomplished more good in the way of preventing and curing these diseases than all other methods or remedies combined, as is shown by the fact that but forty-nine preventing out of the thousands upon them. as is shown by the fact that but forty-nine persons out of the thousands upon thousands treated have reported no benefit received, and the majority of these were persons in the last stages of consumption. In the face of such overwhelming evidence, is it any wonder that The R. T. Booth Co. claim their ability to protect the people from disease, and show their confidence in the new remedy by guaranteeing to refund the money in case of failure.

The girls had been close associates for five or six weeks, and alternated in visits J. C. Simpson, general manager of the to each other's home, spending two and three days at a time.

They had been at the Hoffnagle home since Sunday. Leaving there yesterday morning to go to Bessie's home Maud said to her mother. "This is the last time you will see us." Mrs. Hoffnagle treated the remark as jocular. The young girls appeared at the ferryhouse of the Reading railroad about 9 o'clock in the morning. They were apparently cheerful and light-hearted. They took the 10:15 boat for Camden, But did not go ashore. While the boat was on its way back to Philadelphia the girls pushed their way aft past a deck hand and leaped over the rail together, They sank almost immediately.

A note was found in a pocketbook they had left behind. It was signed "Maud and Bessie," and consisted of quotation from a melancholy poem and the words "We find we are utterly unfit for this world and will try another, Maud lived with her widowed mother and Bessie with both of her parents.

Stone Quarries

Sawed building stone, Ashlar and Trimmings a specialty.

For cheapness, durability and beauty excelled by none. This stone does not wash or color the wall with alkali, etc. Plans sent us for estimates will receive careful attention and be returned promptly at our expense.

Quarries 12 miles from Rock Island on the C., B. & Q. R. R. Trains Nos. 5 and 10 will stop and let visitors off and on.

Bridge stone, corn crib blocks and foundation stone, any size desired.

Samples of Stone and Photos of buildings can be seen at Room No. 12, Mitchell & Lynde's building. Address:

ARTHUR BURRALL, Manager Rock Island or Colona, Ill.
